Bradford Festival Lights

who we are and what we can do for you...

Industrial Services Group, ISG, is an organisation supported by The City of Bradford Metropolitan District Council who are dedicated to improving employment opportunities for people with disabilities in a commercial environment, enabling them to maximise their working potential.

Established 12 years ago as an integral part of ISG, Festival Lights is a bespoke manufacturer who provide a number of services to assist local authorities and other groups throughout the country in managing their Christmas and festival lights.

With a track record of working with over 50 councils nationwide we have provided a best value combination of excellent product and unrivalled service before, during and after installation.

We have provided a comprehensive service to city, town and parish councils, multi faith groups and event organisations who trust our experienced project management team.

Choose which of our products and services suit your needs best:

★bespoke design and manufacture service	page 3
★repair, refurbishment and storage service	page 4
★installation service	page 5
★contract management	page 6
★tree and building lighting	page 7/8
★cross street displays	page 9/10
★motif hire	page 11
★column motifs	page 12
★religious festival motifs	page 13
★children's christmas lighting competition	page 14

Why choose festival lights?

- ★We can tailor make a festive lighting package to suit your needs no matter how large or small.
- ★We are a not for profit organisation and therefore our prices are very competitive.
- ★Our contract management service takes the hassle of Christmas lights away, saving you precious time and resources.
- ★Everything we design and manufacture is done in our factory in Bradford and therefore no last minute delays waiting for motifs/lighting to arrive from overseas.
- ★We are part of a local authority, a safe pair of hands in this challenging economic environment.
- ★Our experience is vast in helping local authorities achieve multi faith celebrations with Eid, Vaisakhi, Chanukah and Chinese New Year to name but a few.
- ★You will be helping Festival Lights achieve our mission 'improving employment opportunities for people with disabilities in a commercial environment'.
- ★We will provide you with a health check on your current lights free of charge with no obligation or commitment.

For your free consultation please call today on 01274 435042/432387 where we will be able to discuss and advise how to enhance your festival lights.

Bradford Festival Lights

design service and manufacture of bespoke features

Festival Lights can provide a range of illuminated features for any celebration that will add sparkle and originality to all occasions. Working with our in house designer you can choose from a comprehensive range or design your own. We will provide a complete tailor made feature, which will guarantee an eye catching and effective display. Contact us for your no obligation quote.

repair, refurbishment and storage

Our production team will be happy to provide you with a free health check on your existing lights. After transporting your features back to our modern workshop we will provide a full and comprehensive repair service, from a simple welding job or electrical fault to a complete refurbishment. All refurbished features will come back to you Portable Appliance Tested (P.A.T) as good as new. Our unit also has the facility to store your displays at the end of each display where we will clean the features, check all electrical components and P.A.T test before placing them in storage.

Bradford Festival Lights

installation

We can also provide a full installation service for all features and decorations giving you the peace of mind to know that your decorations are in careful hands from display all the way to storage. Our installation teams have a wealth of electrical experience in a number of different areas and will be happy to come and give you a price for your eyebolt and column testing, installation and de-installation with no obligation.

contract management

With over 25 years combined project management experience our team are well used to the rigours of Christmas and festival lighting and will work within any given budget to maximise your display. We will work with you all year round to make sure installation and switch on run as smooth as possible allowing you to concentrate on other areas during your busy periods.

Bradford Festival Lights

tree and building lighting

Choose from a wide range of colours and styles as we offer advice on tree or building lighting to suit your budget and occasion. Alongside our installation team we can provide a complete service with our LED lighting both in 24V and 230V reducing power consumption by up to 80% in comparison to incandescent lighting.

Bradford Festival Lights

cross street features

Examples of recent cross street features we have designed and manufactured in our purpose built premises.

Bradford Festival Lights

motif hire service

For schemes where budgets or storage facilities are limited we can offer a wide range of stock motifs for hire. Contact us for details.

column mounted features

We carry a number of column mounted features in stock ready to go or we can design a specific feature to suit your needs.

Bradford Festival Lights

religious festivals and other celebrations

Over the last 12 years we have designed and manufactured a number of features for festivals such as Eid, Diwali, Vaisakhi, Chanukah and Chinese New Year.

chinese new year

children's design competition

Involve your local school with a 'design a christmas feature' competition and we will manufacture the winning entry and install on either the school or around the switch on area to increase footfall during the big event. Here are some of the designs we have manufactured over the last few years.
